

Access Skillsoft content on a mobile device

1. Login to your Workday mobile app on your device (iPhone used in these examples).
2. If you do not see **Learning** on the home screen, click on **View Apps** to find it.

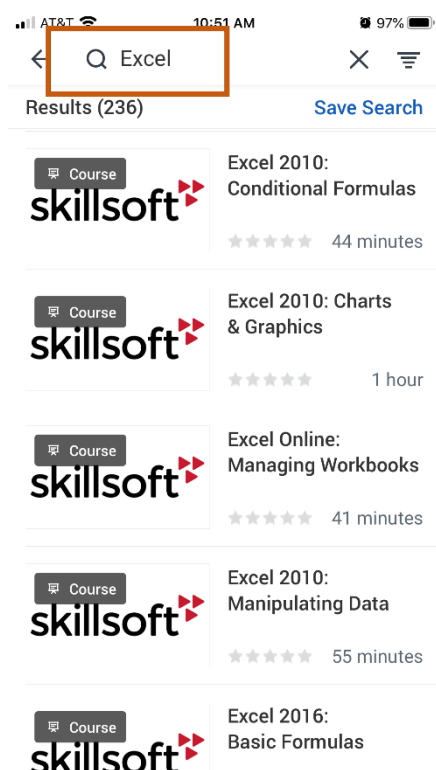

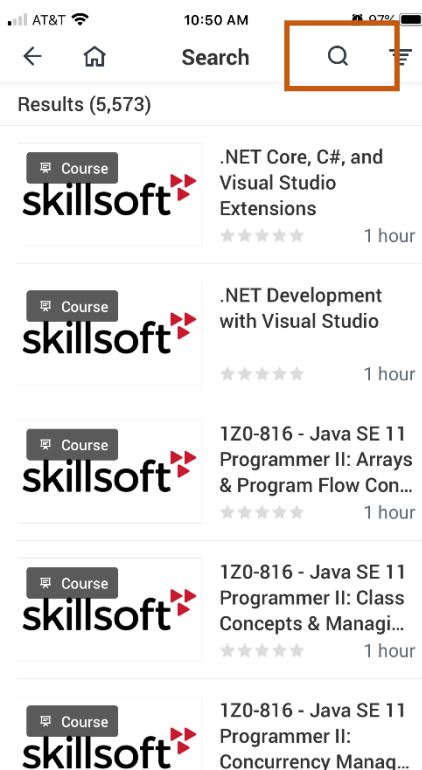

3. Select **Browse Learning Content** to search for content.

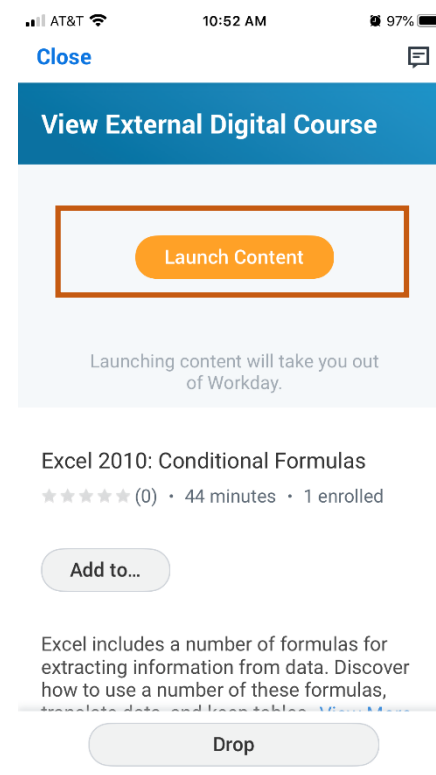

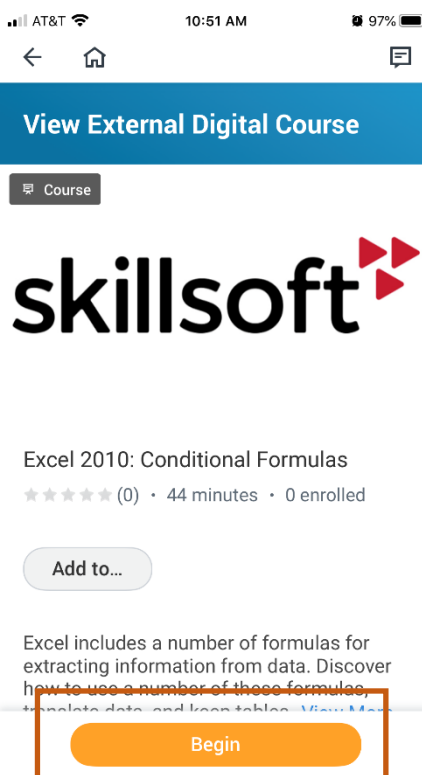

Select topics of interest in

4. Click on the **magnifying glass** to open the search feature.
5. Type the **search term**.

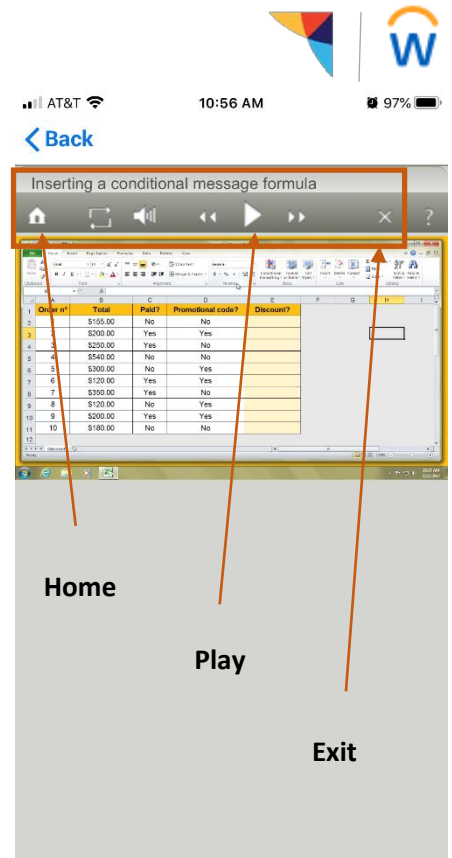

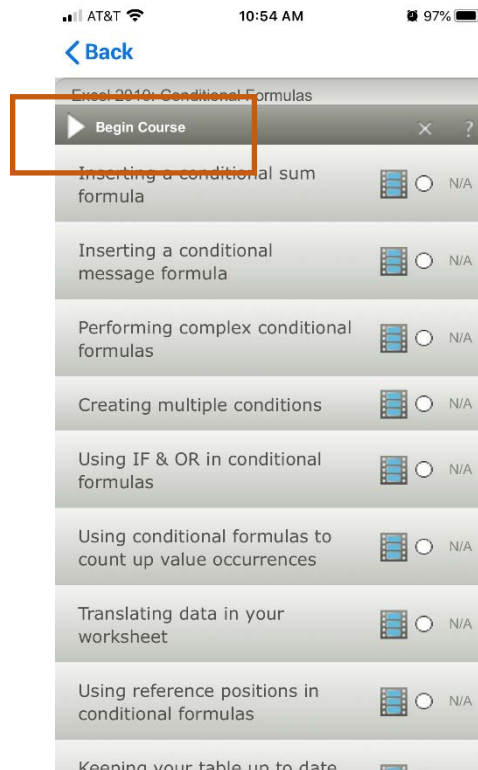

6. Click on the course you wish to take and click **Begin**.
7. Select **Launch Content**.

8. The content will then open within Workday using the Skillsoft viewer. The Table of Contents will appear and you can select the Play icon to Begin the Course.

9. To go back to the Table of Contents, select the Home icon. To close the course, click the x icon.

10. After you have exited the course and want to continue the course on your mobile device, click the Play icon again to Return to Bookmark (where you left off).

11. Once you are in the video, you may need to tap on the screen to display the video controls or close the screen by click on the X in the upper left corner to return to the Skillsoft menu bar.

Note: Course resources, knowledge checks, and tests are not available on most mobile devices and you will need to login to your computer to complete the course tests and print out any additional resources.
